Station Announcement

Again we come to you with our catalogue of DESIRABLE DAHLIAS, and as in other years we are presenting only the best, both old and new. In extending our thanks and best wishes to all our customers and friends we assure them that we will in no way slacken our efforts to provide them with the best obtainable, both in our own creations and those of others.

We are offering you quality merchandise at as low a price as good guaranteed stock can be sold, and we are certain that better quality cannot be found. Good growing conditions, long season, ideal climate all help to produce well developed roots that should do well in any climate. Favorable reports from all sections verify our claims.

GUARANTEE—We guarantee all our stock to be true to name and in good growing condition, and will exercise the utmost care in filling orders to avoid mistakes, but should any mistakes creep in we stand ready to make adjustments to your entire satisfaction.

TERMS AND DELIVERY—We pay delivery charges on all orders OVER \$200 and no goods sent C.O.D. unless 50% of purchase price accompanies the order. Stamps accepted up to \$2.00. Express or P. O. Money Order is always safe. If you send check you will know if it is good.

EARLY SHIPMENTS—If your order is desired during severe weather we will pack it as frost proof as possible, and send by insured Express. After the goods have left our place we can in no wise be held responsible for damage or freezing in transit. If such damage occurs put in your claim at once to the Express Company.

FOREIGN CUSTOMERS—Please remit by International Money Orders, and make the amount equal to value in American dollars.

CANADIAN CUSTOMERS—In accordance with the Nursery Stock ruling it will be necessary for you to obtain a permit from the Department of Agriculture at Ottawa and file same with the Collector of Customs before shipment can be cleared. Send us your shipping instructions. Seeds do not require a permit.

REMEMBER to write your name and full address as plainly as possible, it is safer to PRINT it. Address all orders and communications to

**NOTICE TO WASHINGTON CUSTOMERS
ONLY**

In compliance with the Washington Sales Tax Law it will be necessary for you to add the 2% sales tax to your remittance. We are not permitted to absorb this tax.

1936 Introductions, Honor Roll and Certificate Winners

- GRAND SLAM, S.C. (Jones-Hulin)**—A true type Semi-Cactus of rare beauty being Tyrian Rose on front of petals, citron yellow base and light Amaranth Pink reverse. Mentioned on three Honor Rolls this season and very outstanding at the gardens where it was on trial. The first time shown it was the sensation of the show and winning in every class. The bush is ideal and nicely branching, flowers 9 to 10 inches are held half facing on strong stiff stems. It is inclined to be a little crotchey, but by pinching out the first bud wonderful results may be had. This dahlia is capable of making a GRAND SLAM in the best company. Study the picture on the cover and see for yourself the wonderful formation of this flower. Roots \$10.00 Net. Plants, net\$5.00
- MRS. W. F. LORD, F.D. (Pike-Parrella)**—This is a Canadian variety with a great winning record to its credit. Very highly recommended on both Hart's and Johnson's Honor Rolls. A bright gold with tints of peach pink on reverse. The petals are long, wide, and pointed at the ends, the bush is a splendid grower with almost perfect habits averaging about 5 feet in height and nicely branching. THIS IS GOOD. Roots \$15.00. Plants\$7.50
- GEORGE WASHINGTON, I.D. (Sutcliff-Parrella).**
A great dahlia named after a great man. Tall growing bush with large blooms of a deep rose pink, deepens at the base of the long pointed petals. Growing habit is fine and the stems are perfect. Mentioned on this season's Honor Rolls. Strong divisions, each \$10.00. Plants.....\$5.00
- YOUTH, I.D. (Parrella-Hulin)**—Medium size gorgeous bi-color of American beauty shading to magenta at the center and tipped white. Can you vision a more beautiful color combination? The bush is nice and the blooms are freely produced and the keeping qualities are unexcelled. This variety bids fair to be a best seller on the cut-flower market, as it is not uncommon for the blooms to last six days. Roots, \$5.00 Net. Plants, net\$2.50
- MOON-GLO, F.D. (Parrella-Hulin)**—Tall bush with large lemon yellow blooms having a high full center, giving it a distinct glow. A few petals show a white streak along the edge but it disappears when the flower is fully open. If you like yellow you will like this. Roots \$7.50. Plants\$3.75
- MISS LONG ISLAND, I.D. (Jeffords - Hulin)**—Tall grower with splendid habits bearing large blooms of a very pleasing color, being a sparkling watermelon pink. This dahlia was one of the outstanding varieties at the New York Botanical Gardens the past season and very highly spoken of on Hart's Honor Roll. Free bloomer and very DESIRABLE. Roots.....\$7.50

To make room for more varieties that we may be up to date we are offering exceptional values on last page.

OAKLEIGH MONARCH

OAKLEIGH MONARCH, F.D. (Hook-Hulin) —

This Monarch of cerise red is quite unlike anything of recent years. Certificate winner at East Lansing and on three Honor Rolls. It created quite a sensation at the trial gardens where it scored 86.9. The keeping quality is exceptionally good and as we had the pleasure of growing this beauty the past season we speak from actual knowledge. The bush is very rugged, well branched and dark foliage adds to the beauty of the brilliant flowers, which are held slightly up on good stiff stems. The petals are broad and the center ones are tubular with a perfectly tight center throughout the season. You will do well to add this to your collection of DEIRABLE varieties, as it is sold with a positive guarantee that if you are not 100% satisfied at the end of the season your money will be refunded without question. Stock is quite limited, so get your order in early.

Roots \$10.00 Net. Plants\$5.00

OAKLEIGH PRINCESS, S.C. (Hook-Hulin)—An-

other beautiful Semi-Cactus that we also had the pleasure of growing the past season. It is rather a new color combination—Lemon yellow overcast with scarlet red. It is a seedling of Satan and much the same growth. The blooms are 10 to 12 inches and half as deep, with long sharply pointed petals. Stems are very good holding the blooms well out of the bush. It won a certificate of merit and is well mentioned on the latest Honor Rolls. Owing to limited stock this dahlia will be sold only to purchasers of Oakleigh Monarch, none sold otherwise, and only one to a customer. Roots \$10.00.

Plants\$5.00

KENTUCKY SNOWBALL (White)—This is the first Ball type dahlia to appear on the Honor Roll for quite some time. It is pure white without a trace of any other color. Good size flowers on fine stiff stems. The full blossomed bush reminds one of a Snow Ball bush in bloom only the flowers are whiter. Plants only....\$1.50

MARGRACE, I.D. (Bissell)—One of the best of the new Informals of brilliant scarlet, tipped and striped with gold. A very deep bloom with an exceptionally fine stiff stem that holds the flower erect to facing. Winner of certificate at the Trial Gardens and one of four to appear on all four Honor Rolls the past season. Winner of silver cup at the Cleveland show for best undisseminated dahlia. We are sure you will like the Margrace. Plants only.....\$5.00

**New and Recent Introductions That
You Will Be Glad to Grow
in Your Garden**

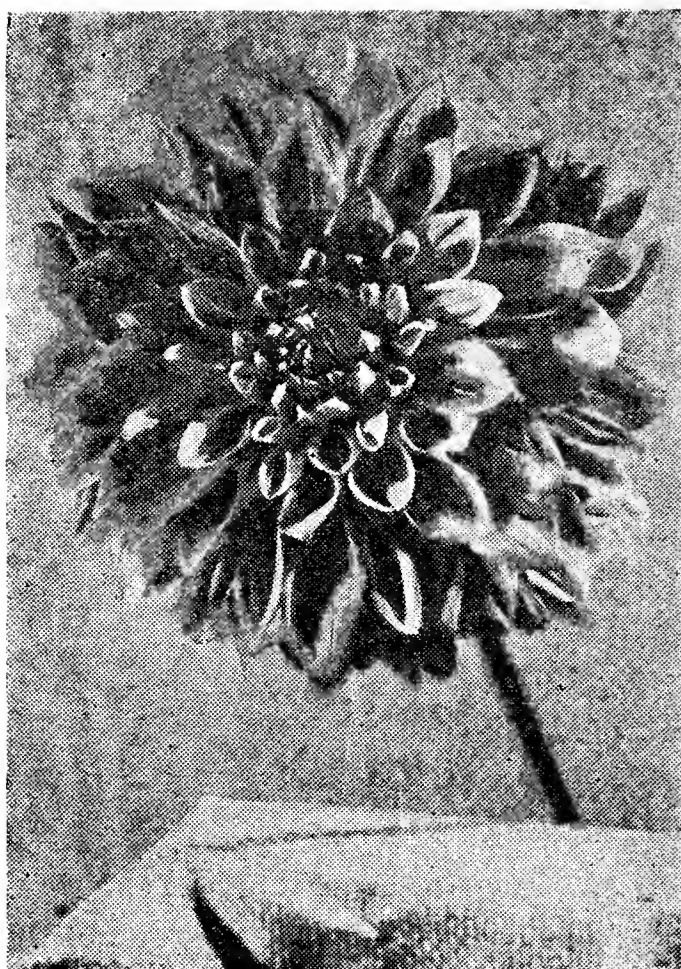

ADIRONDACK SUNSET, I.D. (Parkway)—Here is the dahlia that was said of it “50,000 dahlia fans cannot be wrong.” Truly most of them must have been right for it is a glorious sunset dahlia of vivid scarlet shading to a bright canary yellow while the tips and reverse are a clear gold. The plant is a fairly tall grower and the large blooms are held on real stems. To grow this variety will indeed be a pleasure and a great addition to any collection.....\$5.00
Plants 2.50

AUTUMN MOON, F.D. (Wickersham)—This is a deep formal yellow with a good sheen. The blooms are very large and full on perfect stems. The bush is ideal of a medium height. Formals of this color are not plentiful, and you will like to grow Autumn Moon..... 5.00

AMERICA’S SWEETHEART, I.D. (Salem Dahlia Gardens)—The Originator of this variety said: “That if any other yellow is better than our America’s Sweetheart we will not offer ours for sale.” This statement is as near correct as anything we have read about new dahlias. This variety is a wonderful clear yellow with no blending and not a trace of shading. The outer petals do not fade or shatter, and it is so full that it is nearly a ball. The large blooms are nearly on top of long sturdy stems. You will make no mistake on this.....\$10.00
Plants 5.00

CITY OF CLEVELAND, I.D. (Bissell)—Originated on the Hillside Farms at Austinburg, Ohio. Certificate winner at the Trial Grounds and mentioned on three Honor Rolls last season. Color is bright scarlet splashed with gold and the large blooms come four to six at a time on good stems..... 5.00

CHAUTAUQUA REGAL, F.D. (Wallace)—This is sure a regal flower on ideal stiff stems. The color is unusually bright, being a brilliant cardinal red with reverse shaded ivory. The flowers are very deep and have a diameter of 10 to 12 inches. Free flowering and GOOD..... 3.00

WENOKA

WENOKA (Hulin-Parrella)—This is the flower that caused such a sensation at East Lansing last season, where it scored 88, only one variety scoring higher. Large deep flowers of dark magenta or rosy mauve are held facing to nearly erect on exceptionally long stiff stems, the longest we know of in the formal class. On three Honors Rolls last season and has won both East and West in 1935. For perfection of bloom, true type and splendid growing habits this dahlia is hard to beat. Roots \$10.00. Plants\$5.00

DAD SMITH, F.D. (Smith)—This dahlia is a Northwest introduction and has made good both East and West, as well as over seas. It is of the Jersey's Beauty type and same size but the flowers are a bright red edged deep yellow. For basket display it is ideal winning three sweepstakes ribbons this past season in the Northwest. The stems are long and stiff..... 4.00

GOLDEN HOARD, I.D. (Salem Dahlia Gardens)—Another fine golden yellow that grows to immense size. Nice robust growing bush with many laterals make it ideal in every way. Plenty of good blooms..... 5.00

HILLCREST NUGGET, I.D. (Scott)—This is the dahlia that beat WENOKA at the trial gardens last season, scoring 89.2 and was the highest score of the season. The color is a rich combination of Violet-rose or rosy-pink. The flowers are well placed on perfect long stems. The bush is very robust and grows to a height of six feet..... 7.50
Plants 3.75

TOWER'S EMPIRE, I.D. (Tower-Parrella)—This was one of the outstanding dahlias for 1935. Immense blooms of a clear golden yellow on long upright stems way above the bush. Tall bush and nice foliage. For a rugged grower and general appearance we like this variety the best of any in this color class. You will like it also. Roots \$7.50. Plants\$3.75

ROBIN ADAIR, I.D. (Mastick)—Immense blooms of Empire yellow on good stiff stems. This dahlia is a sight to see when the bush is in full bloom, one of the most attractive sights in our entire garden the past season. Winner of American Home Achievement Medal in 1932 and is the best of this famous grower's introductions to date. The bush is very robust and free from insects' attack. The large blooms are fine keepers, not a petal dropping till the flower is completely gone. This is a very **DE-SIRABLE** variety. Roots \$5.00. Plants.....\$2.50

DAISY TURNQUIST, I.D. (Turnquist-Hulin)—A most impressive flower of deep rose pink and salmon orange. The blooms are very artistic, curling and twisting gracefully. The bush is compact well branching with the long laterals coming well up. Certificate winner and many times a winner in the Northwest shows. It is a wonderful flower for basket work and the blooms average 7 to 8 inches on good long stems. It is a fine keeper. Roots \$3.50. Plants.....\$1.50

OLYMPIC SUNSET, S.C. (Lee)—A Northwest introduction of real beauty both in shape and color. The color is most pleasing being apricot and coral with a touch of lemon yellow. The perfect petal formation is a true Semi-Cactus with a high full center. To get best results it should be disbudded quite heavily but you will be well repaid when the large blooms appear. On two Honor Rolls last year.... 7.50

ROYAL ROBE, I.D. (Sigismondi-Parrella)—Rich royal purple with a silver shading on the reverse which gives the flower plenty of brightness. Large blooms are held at a nice angle on long stiff stems..... 5.00

EUROPEAN NOVELTIES

Many dahlias from over seas are very outstanding in their class and they seem to have better success with the Cactus and Semi-Cactus than we Americans do. We have a wonderful collection to be released in 1937.

- DOUKOPIL'S TRIUMPH**, I.D. (Czechoslovakia)—Extra large flowers of a light straw color on extremely long stems. The blooms are rather deep and wide with a light amber at base of petals. Has won often as the largest in the show. Strong divisions\$2.50
- EMIL DOUKOPIL**, I.D.—Another from the same source as above in a deep and very showy lavender. The large blooms are very deep and full produced on strong stems. The bush is very robust and covered with color the whole season. This is a real lavender you will like..... 2.00
- CORRALINA**, S.C. (Germany)—A very desirable number of brick red with long wavy petals. The bush is ideal, of a height of four feet and plenty of big red flowers at all times. Plants only 1.50
- CHRYSANTHEME**, Cactus (Holland)—Tall bush bearing medium size clear yellow flowers on stems long and stiff. The petals are very pointed and do not curve. One of the latest releases and we have been informed that the name has been changed to "Inspiration." This is a wonderful keeper and will be a favorite for the flower market when better known. From ten to fifteen blooms are not uncommon at one time.....Plants \$1.50; roots 3.00
- FARBEN WUNDER**, S.C. (Holland)—This is a medium size cactus of a bright orange, each petal tipped with white. Bush grows about four feet and very branching. It is indeed a wonderful sight to see this plant in full bloom, and it is very common to have ten blooms at one time.. 2.00
- EDOUARD HERRIOT**, S.C. (France)—Medium size blooms of very attractive shape and color. The petals are lacinated and turn in. The color is Bishop Violet with a darker center. The bush is tall and the stems long and straight. This makes a wonderful basket display..... 2.00
- FRANZ BERGER**, S.C. (Holland)—This is the red Frau O. Bracht of which it is a seedling. The blooms are a solid coral red of large size on stems holding them nearly on top. This has already won many prizes in the states, and will be a general favorite when better known. Plants 1.50
- G. H. BARLOW**, S.C. (England)—Deep orange blooms of 6 to 7 inches on long wiry stems. Constant bloomer and good keeper..... .75
- LITTLE SNOW QUEEN**, Cactus (Holland)—This is the best miniature white cactus we have ever seen. The blooms are 3 inches on good strong stems, keeping well when cut. You will like this. Plants only..... 1.00
- MISS BELGIUM**, Cactus (Belgium)—Already very popular in the states and on several honor rolls. Deep orange in color with very pointed petals held well on long strong stems. Nice growing bush 1.00
- KISMITH**, (Germany)—Semi-Cactus of good size, good stem, good keeping quality, good color, which is solid deep red. Very desirable..... 1.00

MRS. ELLA WORTHERN, I.D. (Garrity) —Excellent variety of salmon pink with narrow twisting petals. Large blooms on fine stiff stems. Winner of many prizes in all parts of the country. Lovely always.....	\$3.50
PINK SPIRAL, Cactus (Holland) —This is a real find in a lovely pink cactus. The flowers are fairly large with fine claw petals which curve in making it very lovely. The stems are long and stiff holding the blooms facing. This season plants only	3.00
PINK DAILY MAIL, F.D. (England) —The same formation as Daily Mail of which it is a sport, but the color is bright lavender pink. Deep full centers are a shade darker adding to the beauty. Bush about 5 feet and well covered with large blooms at all times. Plants only.....	2.50
MME. ANDREA CLEMENCIN, Cactus (France) —Tall bush bearing deep crimson carmine flowers of good size. The bush is tall and the flowers are way up in the air on long stems.....	1.50
MANDARIN, (France) —Deep old rose in color, the pointed petals are split at the ends giving it a very attractive appearance. Free bloomer.....	1.00
SCHILLER —Straight Cactus of Geranium pink on dandy long stiff stems. The bush is medium height and the flowers are a sight to see, as many as a dozen at one time. This is good.....	1.00
SCHERWIN'S WAHL, (Czechoslovakia) —A lovely cactus of 7 inches, very uniform in petal formation. The color is salmon, old rose and gold with a violet reverse. It is a splendid keeper and the stems are stiff.....	1.00
SIGNOOR, (Belgium) —A massive Semi-Cactus of deep blood red. Wavy petals give it good depth and size. The bush is about four feet and the stems hold the flowers facing.....	1.00

Following is a list of new and standard varieties that have proven themselves in many gardens:

AIR-MAIL, I.D. (Kanouse) —Light lavender of good size held on exceptionally stiff stems. Winner of many prizes in the Northwest. Fine keeper	\$0.75
ABDILLAH, F.D. (Brown) —Large flower of velvety dark maroon on long stiff stems facing up. Splendid keeper75
ASBURY PARK, F.D. (Wood) —Autumn colored dahlia that has won many prizes. Color is light strawberry red flushed salmon and old rose. Large blooms, good stems and fine keeper.....	.50
ANDREA ERICKSON, I.D. (F. & M.) —The finest white to date and still winning many prizes. Large blooms on stiff stems very freely produced	1.00
ABE LINCOLN, S.C. (Peacock) —Bright spectrum red with rose red reverse, seven-inch flowers are on good long stems over a tall bush. Very striking50
AMELIA EARHART, S.C. (Eastman) —This grand dahlia is still a favorite and greatly admired by all who see it. It has the distinction of winning two Achievement medals the first year shown. Color is apricot buff and primrose yellow. Large blooms grow naturally with little disbudding	3.50

If you are trying seedlings be sure you get seed from reliable sources; do not let price alone guide you.

AGNES L. YOUNG, I.D. (Young) —Pleasing color of red with gold tips. Good size blooms are held on long stiff stems over a green bush making a very striking appearance. You will like Agnes, the insects do not.....	3.00
BAGDAD, I.D. (Redfern) —Large flower of flaming scarlet that has proven of great merit all over the country. The blooms are facing on long stiff stems over a tall bush. Bagdad is the parent of many good children.....	.50
BOUNDBROOK BEAUTY, F.D. (Brown) —Here is a seedling of Warner and good in every respect. Lighter in color and a more free bloomer50
BETTY COLTER, I.D. (Redfern) —A large distinctive and pleasing shade of Salmon Red, shading to old rose at the base of petals. The stems are good and the bush is medium height covered with bloom at all times.....	1.50
BOY CHICK, I.D. (Parrella-Hulin) —Tall bush with Garnet red blooms of good size, good substance, good keeping quality. The edge of petals are a lighter shade adding much to the beauty of this good dahlia.....	3.00
CHATAUQUA SALUTE, F.D. (Wallace) —A pure white of 7 to 8 inches on good stems. Very free bloomer and a nice bush. Good keeper.....	.50
CHAMPOEG, F.D. (Crites) —Waxy canary yellow shading to salmon pink. It has been known as "The Dahlia Beautiful" for the past few years. The blooms are large and held facing. Very beautiful in the garden or show room.....	.65
CARO NOME, I.D. (Newsom) —Attractive rosy pink overcast with lilac. Large flowers of good depth are carried well above the tall bush.	.50
CITY OF TRENTON, I.D. (Prentice) —Large exhibition flower of deep tangerine and autumn colors. Tall bush with perfect stems.....	.50
CITY OF WELLSTON, F.D. (Blamer) —Large flower of deep purple with a rose purple reverse. Stems are very stiff and the bush is always in bloom.....	.50
CHATAUQUA SUNSET, I.D. (Wallace) —Large beautiful combination of pale yellow and coral pink. The bush is rather low, but the large handsome blooms are held well up in the air on good stems facing. Very lovely.....	3.00
CITY OF JAMESTOWN, F.D. (Siebrecht) —Large flower of picric yellow with a bronze cast on reverse. Tall bushes and plenty of nice blooms..	1.00
CLARA BARTON, I.D. (Salem Dahlia Gardens) —An immense bloom of light lavender held slightly up on good stems.. A bush of medium height that the insects do not like. You should have Clara in your collection.....	2.50
DR. JOHN PALMER, JR., I.D. (Ferguson) —Deep rich bergundy red with a lighter reverse giving it a very attractive appearance. The petals twist gracefully and the stems hold the flower at a fine angle.....	1.00
DOROTHY STONE, I.D. (F. & M.) —This dahlia has made many friends and is a lovely pink a shade lighter than Kathleen Norris. Large flowers on good stems50
DAILY MAIL, F.D. —This is an English introduction that has made a splendid record all over the country. Light amber throughout on good stems and can be grown to extra large size....	.75

EMANEUL'S BEAUTY, F.D. (Mendoza) —Pleasing combination of lemon yellow overcast with scarlet. The large blooms are on perfectly stiff stems, and keep well when cut. This variety has proven a good seed parent.....	.50
ELITE GLORY, F.D. (Kennedy) —A dahlia that has had a fine record for a long time and is still one of the best reds. Large flowers on extra stiff stems cover a dark green bush. Medium tall50
ELITE GEM, Cactus (Kennedy) —This is a beautiful medium size cactus on the best of stems. The bush is rather tall and by disbudding extra long stems can be cut. Fine for exhibition as it keeps well50
EUGENIA, S.C. (Barker) —Lovely clear pink of about seven inches on long stems above a rather tall bush. Very dainty and attractive.....	.50
EL REY, I.D. (Cordes) —Rich golden salmon of the Jersey's Beacon type but with better stems. The bush is compact and the blooms come facing50
EDITH TANNER, S.C. (Brown) —Nice size flower of vivid red with gold lines throughout the petals. Very startling in the show room and in the garden a mass of bloom from early till late. Fine keeper	1.00
EAGLE ROCK WONDER, S.C. (Broomall) —This dahlia has made good in a host of gardens and in nearly every show room in the country. Immense size on cane-like stems. The crown bud should be pinched out for best results. Color is orange and apricot.....	.75
ELEANOR M. RADELL, I.D. (Felsing) —Beautiful violet rose, darker reverse with gold at bases of petals. The bush is very rugged and the attractive blooms are on long stiff stems looking right at you	1.50
EGYPTIAN PRINCESS, I.D. (Brown) —Here is a beautiful dark lavender with a lighter reverse. Good large blooms and a nice bush make it one of the best	1.00
FANNIE SANDT, S.C. (V. & M.) —Here is a beautiful rose pink of splendid formation, large size and good depth. Tall bush with lots of color75
FAY BEATON, I.D. (Beaton) —This variety comes to us from Canada and is a large creamy white with long pointed petals. The flowers are large and the bush will average four feet always covered with blooms.....	.75
FRAU O. BRACHT, St. Cactus (Berger) —This is the best yet sent to us from Germany, and has made friends wherever grown. Has won more prizes than any other in its class. One color of primrose yellow on good long stiff stems. We have a fine stock of this number.....	.75
FRANK LOCKARD, F.D. (Lockard-Vin-Well) —True purple of true type on long STIFF stems. The blooms will average 8 inches and are fine keepers when cut for home or show. Nice growing bush	2.00
GIRL OF HILLCREST, I.D. (Scott) —Fine exhibition variety of large size, with a color combination of Apricot buff and Mikado Orange.....	.75
GOLDEN GIRL, Cactus (Crites) —Clear lemon yellow of large size. The bush is tall and the flowers are always there. Fine garden variety, but not so good a keeper when cut.....	.75

GOLDEN ROD, Cactus. —This variety comes from Holland and is a fine medium size bloom of clear golden yellow very freely produced.....	.50
HELEN IVENS, F.D. (F. & M.) —Orchid lavender of large size. The bush is rather tall and the flowers are held facing on long stems. Good....	.50
HEART OF MILWAUKEE, F.D. —Tall growing bush with large dark golden buff flowers held sidewise on stiff stems. We used a ladder to pick some this past season. For best results pinch back twice. Very good.....	.75
HILLCREST FLUFFY RUFFLES, I.D. (Scott) —This is an odd variety of soft apricot buff with very wavy and ruffled petals. The blooms are large and the bush is quite branching.....	1.00
IRENE ANDERSON, I.D. —Here is a very attractive two-color dahlia that will immediately attract your attention whether in the garden or show room. The color is almost a garnet purple with white tips. Long pointed petals add to its beauty	1.00
IROQUOISE SUNBEAM, I.D. (Toth) —This was one of the best growers in our garden the past season, being a tall bush with large blooms of orange buff and flesh ochre. The stems are perfect and the blooms keep well.....	3.00
IMPERIAL PINK, I.D. (Lyndora) —Clear light rose pink with shades of gold near the base of center petals. Tall bush with large perfectly tight blooms. Should be planted early. Rather late bloomer50
JAMES KIRBY, I.D. (Badetty) —Tall bush always covered with medium size blooms of bright, rich cardinal red, always with a perfectly tight center. The blooms are wonderful keepers and produced in abundance.....	.75
JEROME KERN, I.D. (V. & M.) —Shrimp pink with gold shadings at the center and having a very artistic whirl. Very striking.....	1.50
JERSEY'S MAJESTIC, I.D. (Waite) —This is a real majestic dahlia in every way, nice growing bush, dark green foliage, extra large blooms, real good stems and a flower of real beauty. Color is a pleasing blend of salmon, old rose and gold. Long pointed petals add to the beauty and the large blooms are good keepers..	2.00
JERSEY'S DAINTY, Straight Cactus (Waite) —This is truly a lovely medium size pure white cactus. Not often do we get such a good cactus from our own United States, but this is one of the real good ones. The flowers, while not large, are very deep and held perfectly on good long stiff stems. This is always attractive no matter where you place it.....	1.50
JERSEY'S GLORY, F.D. (Waite) —Large golden bronze on good stems held well out of a tall growing bush. This is a good formal.....	.50
JEAN TRIMBEE, S.C. (Trimbee) —This deep purple dahlia was originated in Canada and has made a host of friends in the states. The color is a rich petunia violet and the stiff stems hold large blooms nearly on top. Our stock of this variety is exceptionally good. Bargain at.....	.50
JEWEL OF INDIA, I.D. (Newsom) —Rich glowing scarlet with an overcast of maroon. The blooms will average 9 inches and the stems are good..	.50
KENTUCKY RED, I.D. (White) —Bright vivid, scarlet, very attractive on long strong stems. The blooms are 8 to 10 inches and freely produced50

KATHLEEN NORRIS, I.D. (F. & M.) —Still a favorite in the pink class and well it deserves its popularity for there is no other like it. Large deep pink blooms have won in nearly every show in the country and it is a fine growing bush50
KAWEAH, I.D. (Meussdorfer) —A giant deep rose cerise that has won many prizes as the largest in the show. The bush will average 5 feet and the large blooms are clear up in the air on good stems	1.50
LAVENDER PRINCESS, F.D. (Newsom) —Pure delicate lavender of large size and so deep they are nearly round. The stems hold the blooms well out of the light green bush. Every one likes this light lavender.....	.50
LADY MOYRA PONSONBY, I.D. (Elder) —Honor roll variety from Canada and winner of many prizes in this country. Pure glowing yellow of large size on good stiff stems. It is a real addition to the yellow class.....	1.50
LONG HILL, I.D. (Chase-Eastman) —A seedling from Jane Cowl with a color combination of gold and rose, with a yellow center. The petals are very wavey and the stems hold the blooms well out of the bush.....	.50
MEADOWBROOK, F.D. (Ruschmohr) —Pale mallow purple, with edges of mallow pink, large blooms with good depth on long stiff stems. The bush is rather tall and it is a pleasure to see the large blooms well up in the air.....	.50
MONMOUTH CHAMPION, F.D. (Kemp) —Brilliant scarlet orange of immense size, winning prizes all over the country. Blooms are held sidewise on long slender stems.....	.50
MONMOUTH GENERAL, I.D. (Kemp) —A new color in dahlias, bright Henna. The flowers are very lovely, being nicely waved and curled of large size on good long stems. The bush is medium height and always covered with good tight centered blooms. Very popular with all visitors	1.25
MARY ELLEN, (F.D. (Loller) —Beautiful violet rose of large size on very good stiff stems. The blooms are strictly formal and held on the side at just the right angle. Strong and robust, good in every way75
MARY BAKER, I.D. (Wickersham) —Golden yellow of lovely formation, the petals of the large blooms are rather star-shaped and held facing on good stiff stems. Every one likes Mary Baker	1.00
MISS DELAWARE, F.D. (Swift) —Very graceful and lovely throughout, bright rose pink of large size on good stiff stems. You will like Miss Delaware as it is an easy grower. Will do best if grown to four canes and the center bud pinched out50
MRS. CHARLES REED, F.D. (Garrity) —Indeed a pure white and one of the best formals in our garden. Good size blooms on real stiff stems and a fine keeper when cut.....	.75
MRS. LORENZ KILLIAN, I.D. (Brown) —Bright canary yellow with narrow curled petals and tight full center. Good long stems hold the large blooms facing. This is new from California	2.00

Dokoupil's Triumph from Czechoslovakia is a fine great big dahlia on a long stiff stem.

MAN O' WAR, I.D. (Boon-Ruschmohr) —Oxblood red of nice formation and good size. The stems are long but sometimes the blooms are a little too heavy. The bush is nice and compact of dark green foliage. The variety has proven to be a good parent.....	3.00
MRS. FLEM SAMPSON, S.C. (Garritty) —Beautiful yellow on long stiff stems with no faults. Tall bush and free bloomer. Extra good.....	\$2.50
NANON LOUISE, St. Cactus (Dane) —Large size flowers of deep pink are made up of many small tubular petals which spread out to make a wide flower. The stems are long and stiff. Sometimes an open center appears but they are all lovely	1.00
ORCHID DREAM, I.D. (West) —Real orchid color with long pointed petals rather loosely formed. The bush is medium to tall and plenty of color..	.50
ORIENTAL BEAUTY, S.C. (Barker) —This is one of the loveliest of all the pinks. Tall growing bush always covered with medium size blooms which will average 7 inches. Stems are long and good. To get best results the bush should be thinned out a little.....	.75
ORINDA, F.D. (Newberry) —This is the dahlia that made such a wonderful showing at the recent Century of Progress show at Chicago. Not a new variety but one that always attracts. The color is odd being a rich fuchsia. Tall bush, grow to four canes and stake well.....	.50
ORIENTAL GLORY, I.D. (Swartz) —Dazzling balls of deep orange, full to the center, good size on stems that are stiff and good length. The bush is medium height and rather spreading. The color is most pleasing, orange overlaid with scarlet. This is not just another orange-colored dahlia, but is different.....	2.50
POTLATCH, I.D. (Hulin) —Grenadine red with backs of petals pinard yellow and many petals splashed with yellow. Compact bush with the large flowers held well on good stiff stems. Pinch out and grow to four canes.....	1.50
POT O' GOLD, I.D. (Wallace) —Fine clear yellow with a gold sheen. Nice large blooms with wavy petals and good depth. The bush is ideal and the blooms are at the right angle on strong stiff stems, keeping well when cut.....	1.75
PRES. FRANKLIN D. ROOSEVELT, F.D. (Shattuck) —A striking deep flower of bright carmine red with a reverse of cream. Large blooms held sidewise on good stems. Free bloomer and insects bother it little.....	2.00
POINSETTA, S.C. (Rindfleisch) —This dahlia is not to be confused with the single of same name. Color is bright poinsetta red throughout and the large blooms are composed of fine pointed petals which curl in a most pleasing manner. Fine for mass effect as it has plenty of color at all times. Good root producer. Our stock is extra good50
PALO ALTO, S.C. (Ballay) —Bright pinkish salmon, shading to gold at the center. This dahlia has won prizes a plenty both east and west, and will win for a long time to come. The large blooms are very full and always with a tight center. Stems are long and stiff. Blooms are good keepers and makes a fine impression both on the show table and in the garden.....	3.00
Our service will satisfy us only when it pleases you.	

PRINCETONIAN, I.D. (Colvin) —A massive deep flower of a peculiar color combination, a blend of light orange yellow and coral pink. Stems are very stiff and hold the flowers nearly facing. The petals fall back giving it great depth. You can win in the large bloom class with this..	3.00
RADIANT SUN, I.D. (Newsom) — Tall well branched bush carrying ten-inch blooms on stems two feet long. The color is light amber and yellow and the centers are always tight. The petals in the center have a beautiful twist to them making it very attractive.....	1.00
RUBY TAYLOR, I.D. (Garritty) —This is getting to be a general favorite with both the ladies and men. Deep large flower of velvet carmine with a wonderful texture. So rich one party said it looks good enough to eat. The bushes are strong thrifty growers and average about 5 feet..	1.50
ROSE GLORY, F.D. (Brown) —Color is a deep rose pink and the large blooms are held nearly on top of cane stiff stems. Wonderful keeper and a fine growing bush. A large stock permits the low price of only.....	.50
SHAHRAZAD, I.D. (Newsom) —Large robust bush of about six feet covered with huge light pink flowers slightly resembling Jane Cowl. The stems are long and stiff holding the blooms well out of the foliage.....	.50
SAGAMORE BEAUTY, I.D. (Shattuck) — This dahlia may well be classed with the Formal decs. as the petals are quite regular in formation. The color is deep rose pink with a cream center, many of the petals are spotted with cream. A wonderful cut flower variety and fine keeper. A basket of this beauty won first at the Western Washington Fair. You will enjoy growing this number. Exceptional value.....	.75
SATAN, S.C. (Ballay) —The most talked-about dahlia that has been offered since Jane Cowl, and no garden is complete without it. Large blooms of flaming red with a touch of gold at the base. The petals are very pointed and long. The stems are heavy and for the most part very good. In real hot weather they are inclined to curve a little. The bush is very rugged and the long stems carry the flowers well above the foliage.....	1.25
SERTZ-LIGHT, F.D. (Shorey) — Medium size flower of scarlet lake with a reverse of amber. The bush is an ideal grower of about six feet and the blooms are freely produced on long stiff stems. Keeps well in water.....	.75
SALLY B, I.D. (Almy) —A most beautiful pink and a seedling of Kathleen Norris. The bush is taller than its parent and the blooms are better keepers. Rather flat in formation but deep enough to make a fine large flower, 10 to 12 inches is not uncommon.....	1.50
SONNY BOY, I.D. (Nunneville) — Old rose slightly striped with old gold, attaining great size with ordinary care. The bush is quite massive and the blooms are held facing on good stems. Sonny Boy has won prizes from coast to coast	2.50
WHITE WONDER, I.D. (Kemp) —This has been the most discussed white dahlia of recent introduction. It has won many prizes all over the country and will continue. The plant is strong and the blooms are real large.....	.75

SPOTLIGHT

SPOTLIGHT, I.D. (Hulin)—Our 1934 introduction that is still the good yellow. The color is most pleasing, a light sulphur yellow with a light reverse. Achievement medal winner and also winner of an award of merit both at Haarlem and Amsterdam, Holland, in 1934. At many shows this was the largest shown and 12-inch blooms are rather common. It can be grown to giant size with extra feed and care. The bush is compact and the stems are stiff carrying the blooms facing. Large stock permits every one to enjoy this beauty. Roots only.....\$3.00

THE COMMODORE, I.D. (Scott)—Gigantic yellow of a light lemon color with an overcast of gold. The low bushes are literally covered with the large flowers so that the foliage is nearly hidden. With a little feed this dahlia will easily attain sufficient size to completely cover a dinner plate. We have a fine stock and the price is only50

TACOMA'S BEAUTY, F.D. (Lee)—Deep salmon pink blended with strawberry pink and tipped with gold. Large blooms keeping well as a cut flower make this very popular with the cut-flower market. Very popular in Europe. Splendid stock 2.00

TIP TOP, I.D. (Shattuck)—This dahlia is very attractive being a color combination that is unique, mallow purple and white. Many petals are tipped white. The bush is a nice grower and the blooms will average eight inches on dandy stems. Good keeper and free bloomer. Bargain 1.50

POM PONS

We have a wonderful collection of these little fellows and only the best and most useful are retained. One uniform price this season at 25c each, or \$2.50 per dozen, for the following:

- AIMEE**—Orange and apricot, very small.
- ALICE ROCKWOOD**—Old rose on long stems, real fine.
- AMBER QUEEN**—Good favorite, light amber.
- BABY**—Light lavender.
- BOSSY**—Deep lavender.
- CORA MAY**—Salmou pink and yellow.
- CLARA HARSH**—Carmine with yellow at base of petals.
- CYRIL**—Deep purple, medium size, on good stems.
- DONALD GORDON**—Small orange red on long stems.
- DEW DROP**—Small white tipped lavender.
- DIXIE**—Small dark red of perfect form.
- DARKEST OF ALL**—Deep maroon, medium size.
- FLAME**—Bright flame color on good stem.
- FAIRY QUEEN**—Light Yellow overcast amber. Long stems.
- GRETCHEN HEINE**—White with carmine tips.
- GLOW**—Coral pink of fine form and keeping qualities.
- HAZEL DELL**—Rose pink with dark edge. One of the best.
- HONEY**—Light yellow and Indian red. GOOD.
- IOLANTHE**—Fine Florist's variety. Dark orange.
- JUDY**—Small light orange and ochre.
- JESSICA**—Light bronze with red tips. Very dainty.
- JOE FETTE**—Small white of good quality. Low bush.
- LASSIE**—Dark cerise with light tips. Free bloomer on strong stems.
- LILLIAS**—Pinkish mauve on good stems. Small and very pretty.
- LITTLE EDITH**—Light yellow tipped carmine. Small.
- LITTLE DONALD**—Bright red of small size on fine stems.
- LITTLE DORRITT**—Small extra good deep purple. A winner.
- LITTLE SAGAMORE**—Small bright red. One of the best reds.
- MIKE**—Orange Scarlet of nice size and a fine keeper.
- MARRS**—Low bush covered with deep magenta blooms.
- ORANGE**—Medium large variety that is fine for florists. Orange and red.
- PIXY**—Small deep yellow and Indian red. Wonderful exhibition variety.
- PEGGY ANN**—Popular everywhere. Yellow shaded brownish red. Small.
- PORTIA**—Very pretty lavender, small and good. Fine stems.
- SNOW CLAD**—Rather large white, but good.
- TOM THUMB**—The smallest dahlia grown, orange red.

The following Poms are each 50c and they are very outstanding:

- ANNA VON SCHWERIN**—Light pink and cream. Very small and good.
- DAINTY MISS**—New small white with an overcast of pink. Very good.
- IROQUOIS FLAME**—Flame color with extra long stems. Free bloomer.
- MINNIE MOUSE**—Color is rich burgundy red with edge of petals tipped white. Small size on good stems. Certificate winner.
- CHICKIE**—Very small nopal red to carmine, on long stiff stems. This Pom just missed getting a certificate. Won first at the Dahlia Foundation Show at the World's Fair. In all a very good Pom. On the Honor Roll.

MINIATURES

These little dahlias are the same as the larger ones in formation, but from two to four inches in diameter. Very useful for table use.

BABY ROYAL —New incurved English cactus. Soft salmon pink with apricot. Long stiff stems. Many times a prize winner. Good keeper..	.50
COCARDE, F.D. —Orange red of three inch on good stems. Tall bush and plenty of blooms. Good keeper on long strong stems.....	.50
ELIABETH PAPE —Small cactus of light pinkish cream with tints of salmon. Very free bloomer. Low bush and nicely branching.....	.50
FUJI SAN —English single, two inches and a beautiful light tan with a reddish brown eye. Very showy50
GOOD LUCK —Orange and tan colored formal decorative that is very popular in basket work. Nice full blooms on long stiff stems.....	.50
GRANITE FALLS —One of the best Collarett dahlias ever produced, and we have a wonderful stock of it. Nice growing bush and plenty of good keeping flowers of light red with a yellow collar50
GOLDEN ROD, S.C. —This is a Holland variety which is more cactus than Semi-Cactus. Golden rod yellow about four inches, on good slender stems, very freely produced.....	.50
ORANGE ADE —SemiCactus of a new color—deep orange and burnt umber on good long stiff stems. A basket of this created a lot of attention at the Western Washington Fair. It is wonderful for basket work.....	1.00
PINK PEARL —Lovely rose pink peony type. Tall bush and lots of color from early till late. A general favorite50
PERSIMMON —Formal decorative of a deep persimmon color and about three inches and half as deep. Bush is compact and about three feet. Certificate winner in 1934. This is real good. Strong roots, each	1.00
RAPELLO —Deep maroon with gold stripes on petal edges. Formal Dec. with pointed petals. This is a Holland variety, and the velvety color makes it very attractive.....	.50
RUBY —Star dahlia of a deep ruby red. Five pointed petals which curl in pleasing way showing a lighter reverse50
UNION JACK —English single of bright red with many flowers veined with white. Small blossoms and very showy50
YELLOW DOGWOOD —Eight petal single, very much like the well known dogwood, but of a light yellow color. Tall bush and plenty of four-inch blooms. A basket of these will make a fine showing. Fine stock.....	.35
